We ran out of milk and apples.	10
My dad says food is a need. We need food to live.	23
I tell him I need candy too.	23
He says that candy is a want.	34
We do not need candy to live.	34
My dad and I go to the grocery store.	40
We see many kinds of apples on sale.	40
We choose four Granny Smith apples.	51
We put them in our shopping cart.	60
We also put milk in our cart.	68
My dad pays for the apples and milk.	78
All together, they cost seven dollars and 30 cents.	87
